

# AQUAEL

## Leddy Slim Hanger

Lighting on a higher level

The universal **Leddy Slim lighting suspension** brackets are the perfect choice **for open tanks**. Placing the lamps in ceiling-mounted brackets will ensure that your aquarium is perfectly lit. It will also provide freedom for the layout – rocks, roots and plants will be able to protrude above the water surface. An aquarium with suspended lighting is an original **element of modern interior design** and fits in with current trends.
